■ CORE CAPABILITY STACK

Hyper-Targeted B2B Prospecting

Filtering C-Level, VP, and Director contacts strictly matching your Ideal Customer Profile (ICP) across niche verticals.

LinkedIn Sales Navigator Mining

Custom Boolean search strings and automated extraction to identify active buying intent and verified corporate emails.

Zero-Bounce Email Verification

Multi-step verification (SMTP + API checks) guaranteeing sub-1% bounce rates to safeguard primary sending domains.

CRM Data Enrichment

Data cleaning, appending direct dials, tech stack detection, and seamless integration into HubSpot, Salesforce, or Lemlist.
